Our company prides itself in the quality of the product we produce. It is because of our employees that we meet and exceed the expectations of our clients, who are our friends, neighbors, co-workers and family.

WHAT TO EXPECT

At the beginning of each Quarter you can expect to see our Company Newsletter! Our goal is to keep you informed of what is happening at Pat Williams Construction.

- Joe Peavy
- Chance Bass
- John Bookout

SOLID FOUNDATIONS

RED RIVER PARISH PORT DOCK NO. 2

We're working on new construction in Coushatta, LA for the Red River Parish Port Commission. We have completed a new concrete access road which is to be connected to a 23,000 sq. ft. loading dock located on Red River which we are currently constructing. Rip Rap is to be installed next, then we will pour concrete soon after. This project is being Supervised by Wendell Bolton, managed by Gary McElwee and should be complete by end of August.

WW STEWART ELEMENTARY ADDITIONS & ALTERATIONS

This project will include construction of an addition to the Kitchen at the WW Stewart Elementary School. Structure to include metal roof and CMU walls. Additional renovations are currently underway inside the existing Kitchen/Dining areas, which is to include a new HVAC. This project is being supervised by Robert Kopacz and managed by Brandon Jardneaux. It should be complete before the new school year begins!
